

## SPOON CUSTOM RIFLES

Head gunsmith Matt Spoon has been working at Mack's Prairie Wings since 2000. He has a gunsmithing degree from Trinidad State Junior College in Colorado. Mack's is a full service gun repair facility. We are a Weatherby, Browning, and Winchester warranty repair center. Located in the duck capital of the world, you can't help but work on some shotguns. Ask around, we work on as many duck guns as anyone in the world, especially Benelli's.

Custom hunting rifles are our passion. Starting small, we have gained state wide recognition. Today we are building thirty to forty rifles a year, and growing. Everything from basic hunting gun to 600 yard bench rest, we can handle it. Personal service is important to people wanting a custom rifle built. Customer satisfaction and making new friends is our number one goal.
